

# GIANT SLUGGERS POUND OUT VICTORY: SERIES EVEN

## BATTERS AGAIN IN ASCENDENCY POLO GROUNDS

Three Home Runs in  
On Inning Feature  
of Game.

**"BABE" OUT OF GAME.**  
New York, Oct. 11.—"Babe" Ruth announced this morning that the injury to his arm would keep him out of the game for the rest of the series. His physician warned him, he said, that to take further chances would risk the loss of his arm.

Polo Grounds, New York, Oct. 11.—(By the Associated Press.)—Victory perched high on the bats of the Giants this afternoon when the Yankee pitching caved in and engulfed the American Leaguers in an 8 to 5 defeat. Over thirty-five thousand people saw the Giants even the world's series, which now stands:

Giants, 3; Yankees, 2.  
Barnes' pitching cast a mysterious spell over the Yankees, ten of whom were erased at the plate by strikeouts.

The scores: R.H.E.  
Giants..... 0 3 0 4 0 1 0 0 0—8 13 0  
Yankees..... 3 2 0 0 0 0 0 0 0—5 7 2  
The Yankee fans bemoaned the loss of Babe Ruth who will wield no menacing mace again in this series.

The massive mauler's arm is swollen and the poison from his injured elbow has spread to the glands of the upper arm. He telephoned to the Yankee club house today that he would not be able to play again. Manager Huggins played Bob Meusel in left and Wilson Fawcett in right field.

It was learned at the clubhouse that Waite Hoyt had pitched eight innings yesterday with a finger split by a grounder from Frisch's bat. He refused to leave the game.

**FIRST INNING.**  
Giants—Burns walked. Bancroft out to Fawcett. Frisch fanned on three straight swings. Fawcett put Young out by making a wonderful catch of his foul.

No runs, no hits, no errors.  
Yankees—Umpire Moriarity ordered Ruth, who was in citizens' clothes, to leave Yankees' bench. Fawcett imitated Burns and walked. Peck fouled out to Frisch. Miller got an infield single which tore Bancroft's hands apart. Fawcett scored on Meusel's single to center. Miller going to third. Meusel went to second on the throw in. Pipp out, Kelly to Rawlings. Miller held third. Miller and Meusel scored on Ward's drive over second. That drive knocked Toney from the box for the second time in the series, and Barnes was rushed to the rescue. McNally fled out to Young.

Three runs, three hits, no errors.  
**SECOND INNING.**  
Giants—Kelly walked on four straight balls and scored with Meusel on the latter's home run into the right field stands. Rawlings fled out to Miller. Snyder got the Giants' second home run in the inning, a drive into the left field stands. Barnes singled to center. That finished Harper, Shawkey taking his place. Burns singled to right, Barnes going to second. Bancroft fanned. Frisch fled out to Meusel.

Three runs, four hits, no errors.  
Yankees—Schantz walked. Fawcett stung a hot single to left. Fawcett got a home run into the left field stands, scoring Shawkey ahead of him. Frisch threw Peck out at first. Miller went out to Kelly, unassisted. The crowd cheered Fawcett, rubbing for Ruth.

Two runs, two hits, no errors.  
**THIRD INNING.**  
Giants—Young went out on a long fly to Meusel. Kelly got a hot infield hit which McNally was only able to knock down. Meusel lined out to Fawcett. Rawlings fanned, missing a drop curve by a foot.

No runs, one hit, no errors.  
Yankees—Frisch threw out at first. Pipp got a Texas leaguer into center. Ward fanned. Pipp stole second on Snyder. McNally fanned.  
No runs, one hit, no errors.  
**FOURTH INNING.**  
Giants—Snyder singled past Peck. Barnes singled to left, Snyder going to second. McNally threw Burns' sacrifice hit wildly and the bases were filled. Snyder and Barnes scored on Bancroft's single to left. Burns went to third on the throw in. Burns scored when Frisch forced Bancroft at second. Frisch scored when Kelly's hit hopped over Pipp's head. Kelly went out stealing.  
Four runs, four hits, one error.  
Yankees—Schantz drew a walk. Shawkey fanned. Fawcett walked. Peck fanned. Miller also fanned.  
No runs, no hits, no errors.

# 'Tapout' Laster Must Stand Trial in Lee Co.

CAN YOU  
GUESS?

Who is the author of "Confessions of a Movie Star"—the great inside story of movieland which begins in the Telegraph next Monday.

It's the story of a girl who reached stardom when 16—a story written in the first person under the name of May Scott.

You won't know the name, but will you know the character?

It's a story replete with the snares, the pitfalls and the perils which beset the path of a girl climbing to film success.

Don't miss it!

**FIFTH INNING.**  
Giants—Meusel walked. Ward took Rawlings' slow hopper and threw wildly to first, both runners being safe. Snyder popped to McNally. Barnes fouled out to McNally. Peck took Burns' grounder and touched second, forcing Rawlings.

No runs, no hits, one error.  
Yankees—Umpire Moriarity sent Earl Smith of the Giants to the club house from the bench. Meusel drew a walk. Pipp fanned. Ward also fanned. McNally fled to Meusel.

No runs, no hits, no errors.  
**SIXTH INNING.**  
Giants—Bancroft singled over McNally's head. Frisch walked. Young fanned. Bancroft went out attempting to steal, but Frisch went to second. Frisch scored on Kelly's bounding hit to center. Meusel fled to Fawcett.

One run, two hits, no errors.  
Yankees—Schantz singled to center. Shawkey forced Schantz at second. Fawcett fanned. Peck fled out to Meusel.

No runs, one hit, no errors.  
**SEVENTH INNING.**  
Giants—Umpire Moriarity went to the Giants' bench and cautioned them for coaching. He sent Hans Lobert off the field. Rawlings popped to Peck. Peck threw Snyder out. Ward tossed out Barnes.

No runs, no hits, no errors.  
Yankees—Young took Miller's fly. Meusel fanned. Rawlings threw Pipp out.

No runs, no hits, no errors.  
**EIGHTH INNING.**  
Giants—Burns flew out to Fawcett. Bancroft hoisted to Ward. Frisch fanned.

No runs, no hits, no errors.  
Yankees—Bancroft threw Ward out. McNally hoisted to Kelly. Schantz walked. Rawlings threw out Baker, who batted for Shawkey.

No runs, no hits, no errors.  
**NINTH INNING.**  
Giants—Perry went to the box for the Yankees. Young greeted him with a single to left. Kelly fanned. Young was out stealing. Meusel singled to right. Perry fanned Rawlings.

No runs, two hits, no errors.  
Yankees—Fawcett fled out to Rawlings. Peck popped to Rawlings, made the third put out of the inning, when he took Miller's pop.  
No runs, no hits, no errors.

# GOV. SMALL'S TRIAL TO LAKE COUNTY

## LEE CO. UNDER CONSIDERATION FOR BIG TRIAL

Was One of Five Submitted By Atty. Mortimer.

**BULLETIN.**  
By Associated Press Leased Wire  
Waukegan, Ill., Oct. 11.—Judge Claire E. Edwards announced today he can place Governor Small on trial next Monday, if lawyers for the state and defense wish.

**BULLETIN.**  
By Associated Press Leased Wire  
Springfield, Ill., Oct. 11.—Governor Len Small and Vernon Curtis, under indictment on charges of embezzlement and conspiracy to defraud the state through misappropriation of public funds, will go on trial at Waukegan, Lake Co. some time in November, according to indications today, following the formal transfer of the case to the jurisdiction of the Northern county by Judge Frank W. Burton on the Sangamon county circuit bench today.

In changing the venue to Lake county, Judge Burton followed the recommendations of both the prosecution and the defense, who announced their agreement in court this morning.

Presentation of the recommendations to the court consumed only a short time. C. C. LeFors, chief counsel for the defense, in making the opening statement said he hoped for "an immediate and speedy disposition of the case."

In announcing the reasons which actuated him to offer a change of venue to the governor immediately after the indictments were returned last summer State's Attorney Mortimer said there has never been a thought and there is not now an idea that the defendants, Small and Curtis, could not have a fair trial in the jurisdiction in which these cases arose.

**Wanting Early Trial.**  
"The thing that prompted that action," Mr. Mortimer continued, "was a quoted statement here and there in the press that the governor was anxious for an early trial and did not desire, and will not if he could prevent it, be tried in Sangamon county."

In case of conviction of the defendants, he wanted to eliminate even the suggestion by any person that political influences of any kind had entered into the case, Mr. Mortimer said. "I have tried to accord to these gentlemen on the other side of the trial table, every courtesy and consideration humanly possible and I will continue to do that until the end," he added.

The three judges of the 17th circuit in which Lake county is situated are: (Continued on Page Two.)

## Sterling Man Gets Post with National U. S. War Veterans

Fred E. Brown, of Sterling, past commander of the United Spanish War Veterans, Department of Illinois, who has many friends in Dixon, has been honored by Oscar E. Carlstrom, National Commander, for his fine services as head of the Illinois department. **HERE NEXT SUNDAY.**  
A committee from the Methodist church, composed of Charles Hintz, Charles Keyes, H. W. Scott, Dr. A. N. McNichol and R. C. Caughey spent Sunday in Chicago attending the Rock River Methodist conference which has been in session several days. At that time, Rev. Aubrey S. Moore, pastor of the Washington Boulevard church of Chicago, was assigned to the local pulpit and accepted the call extended by the committee from Dixon.

Rev. Moore, who is a comparatively young man, is a graduate of the Northwestern University, his original home being near Pittsburgh, Pa. He has been unusually successful in the pastorate in which he has served, building two new churches in the past few years. In the pastorate he is leaving at Washington Boulevard, he has served for six years and erected a beautiful new edifice.

With his wife and three children, the new pastor will move to Dixon in about two weeks, when repairs in the local parsonage will be completed. He will occupy the pulpit at the Methodist church at both the morning and evening services next Sunday.

## Final Count Strike Ballots on Today

Chicago, Oct. 11.—A final count of the ballots to strike was being made today by the general chairman of the Order of Railway Conductors, the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Enginemen & Firemen. Many of the votes counted last night, were said to favor striking by a heavy majority.

A definite decision on a strike by these brotherhoods is expected from the general chairman this week, according to L. E. Sheppard, president of the Order of Railway Conductors. W. G. Lee, president of the Brotherhood of Railroad Trainmen said he did not believe there would be a strike as it would be inimical to the good of the workmen. He also intimated that a strike at this time would only aggravate the unemployment conditions.

## TWO MORE TAKEN IN OMAHA "WILD CAT" JURY QUIZ

Directors of Suspected  
Company Are in  
Custody.

**By Associated Press Leased Wire**  
Omaha, Neb., Oct. 11.—The total number of persons indicted by the special grand jury to be arrested was swelled yesterday by two directors of the Great Western Commercial Body Company, an Omaha attorney and an officer of the Missouri Valley Cattle Loan Co.

The two latest to be taken are Frank W. Munasill of Berwyn, Neb., president of the Great Western Commercial Body Company and John Staab of Burwell, a director in the same concern. Ray V. McGraw, vice president and general manager of the Missouri Valley Cattle Loan Co. and W. J. Holz, local attorney, were released on bonds yesterday.

As has been the case with many of the prominent men taken as a result of the grand jury investigation of alleged "wild cat" stock jobbing enterprises in Nebraska, and particularly in Douglas county, both Munasill and Staab walked into the office of Sheriff Mike Clarke and surrendered. They had no difficulty in arranging bonds of \$5000 each.

Indictments charge Munasill, Staab and other officials of the Great Western Commercial Body Co. with embezzling, converting to their use and making away with money, goods, effects, bonds and promissory notes belonging to the concern to the amount of \$100,000.

Mrs. Emma F. Raymond left Saturday for LaCrosse, Wis., to visit her son, Leslie, whose wife is to undergo a serious operation in a few days.

## Hundred Elks Go to Mendota Today

More than a hundred members of the Dixon lodge of Elks went to Mendota this afternoon, others to follow this evening, where they will attend the initiation of a class of about 75 candidates this evening. Officers and members of the degree team of the local lodge will have complete charge of the initiatory work.

A parade will start the evening program, the Elks marching through the business section of Mendota at 7:30, the line of march ending at the high school. Here the parade will disband and the class of candidates will be initiated in the gymnasium. At the close of the initiation, a social session will conclude the festivities.

## FIRE IN ERWIN BLDG. THIS MORN STARTED BY BOY WITH MATCH

Several Hundred Dollars  
Damage to Building  
and Contents.

Fire at 9:45 this morning threatened the destruction of the Erwin building, 319 First street, in which the City Steam Laundry is located. The fire which was confined to the attic, damaged the building to the extent of possibly \$200. Chief Tom Coffey estimated, but the damage to the building and its contents by water and smoke, will increase the loss several hundred dollars.

When the fire department arrived the blaze, which had gained considerable headway, was burning in the attic at the head of a stairway in the apartment of Mrs. Dolly Siebolt, the greater damage by water being confined to the light housekeeping rooms occupied by Mr. and Mrs. H. F. Drabant in the rear of the building.

**Boy Had Matches.**  
Ralph Drabant, aged seven years, son of Mr. and Mrs. H. F. Drabant, started the fire while playing with matches in the attic. The boy told the story of starting the fire after the firemen and a number of volunteers had extinguished the flames with two streams of hose.

He told Chief Coffey, a Telegraph reporter and his step mother that he wanted to go into the attic to look for some pails and Mrs. Siebolt gave him four or five matches to light his way. In the attic he set fire to a piece of paper, he said, and the blaze quickly communicated to other paper and the rafters beneath the roof. As the fire gained rapid headway the little fellow hurried to his room, secured a pan of water and attempted to extinguish the fire, which was beyond his control. According to his story, he notified Mrs. Siebolt and then started to run down stairs to the City Laundry to turn in the fire alarm.

The blaze was licking its way beneath the roof and breaking through in places when other business houses in the vicinity discovered the fire and turned in the alarm. When the department arrived the blaze had gained considerable headway but was confined to the attic and after a hard fight under the dark low ceiling, was extinguished.

## Laundry Is Damaged.

Water from the two lines of hose soaked through the ceilings and into the basement of the laundry on the first floor. All of the laundry and some of the furnishing were removed, it being feared that the building was doomed. The laundry will be closed for a few days while damage to machinery is repaired.

Attorney John E. Erwin, owner of the building, placed the damage by both fire and water at not less than \$2,000, which is covered by insurance.

## Galesburg Austrian Missing with Girl

**By Associated Press Leased Wire**  
Galesburg, Oct. 11.—Local authorities today were still without clues as to the whereabouts of Tony Zepho, 21 year old Austrian of this city, accused of kidnapping 15 year old Elizabeth Morrissey from her father's home here Saturday night.

A younger sister of the missing girl told officers that Zepho, Miss Morrissey and two other Austrian men were headed for Joliet where they were to seek a pardon for Rocco Evon, former Galesburg Austrian who was sent to the penitentiary six years ago for the murder of Jacob Zepho, a cousin of the alleged kidnapper. From there she said they intended to go to Chicago, and then to Wisconsin, where it was planned for Zepho and Miss Morrissey to be married.

**LOCAL TEMPERATURE**  
The range of the local temperature during the 24 hours ending at 6 p. m. Monday was between 58 and 46 degrees above zero.

## JUDGE EDWARDS DENIES CHANGE OF VENUE PLEA

Separate Trial Granted  
Negroes in Murder Case.

## BULLETIN.

Attorneys for John Laster this afternoon decided to avail themselves of the court decision granting a separate trial, and accordingly the case of the people vs. John Laster for the murder of William Coffey was commenced with the trials of John LaFrance and Richard Payne for murder will be tried some time in November, the date to be set later.

Judge Harry Edwards, in the circuit Court of Lee County this morning overruled the motion of counsel for John (Tapout) Laster for a change of venue from Lee county, but sustained the motion for a separate trial for Laster, who was indicted jointly with Richard Payne and John LaFrance, all colored, for the murder of William Coffey in the Sam Starks gambling joint east of Dixon on the evening of August 1, this year.

Judge Edwards also quashed the counts in the indictment numbered 5 and 7, but sustained the 8th count to which count the attorneys for the defense also were objecting.

Motions challenging the array of grand jurors were overruled by the court, who held that Judge Stransky was justified in recalling the April Grand Jury and that his action was supported by the statute.

## May Not Want It

After Judge Edwards had denied the change of venue and granted a separate trial, Atty. McNemar, who, with Atty. H. A. Brooks, is defending Laster, asked opportunity to reconsider his plea for a separate trial. Atty. Wm. H. Winn, representing Richard Payne and Atty. Martin J. Gannon, representing John LaFrance, also went into consultation with their clients and court was adjourned until 1:30 this afternoon, when additional affidavits were to be filed and the attorneys for the defense were to make known their decision on the manner of trial.

## Argued 'All Morning

The morning was entirely consumed by arguments of the attorneys for the defendants, and States Attorney Mark Keller and Special Counsel John Devine for the people, over the language of the indictments, the request for a change of venue, etc. Atty. McNemar again detailed how a great amount of space devoted to the case by the Dixon Evening Telegraph with its circulation of 5000, going into nearly every home in Lee county, had made it extremely hard to secure a jury that had not read of the case and had not formed opinions in the matter. He denied the story of the colored preacher, "Rev." Mitchell, charging his client John Laster with plotting the murder of the Turnkey and Sheriff and a jail delivery, saying that his client had absolutely nothing to do with the affair.

States Attorney Keller and Atty. John Devine argued against a change of venue, declaring that Atty. Brooks one of the county's ablest trial lawyers, had been in the case some time and had seen no need of a change of venue. The state charged that the defense had not given the advance notice required by statute of a desire for a change of venue. The court upheld the state's contention in this particular.

Judge Edwards granted a separate trial for Laster on the grounds that there was a possibility of testimony by one or more of the defendants which might be damaging to others of the defendants and that in this case it becomes the duty of the court to allow separate trials where they are insisted upon.

## Trial Opened Monday.

The trial of the three negroes started Monday afternoon and the several hours previous to adjournment until 9:30 this morning were occupied by the presentation by attorneys for the defense of motions challenging the legality of the indictments, motions to quash the indictments, a motion for a change of venue, etc. The attorneys for the state, States Attorney Mark Keller and Hon. John Devine, were to reply to the arguments this morning.

## Challenge Indictments.

Attorneys Will Winn, representing Richard Payne; Martin Gannon, representing John LaFrance, and H. A. Brooks and C. E. McNemar, representing John Laster, were to make known their decision on the manner of trial.

## Georgia Negro Dad of Thirty-two Kids

By Associated Press Leased Wire  
Savannah, Ga., Oct. 11.—A. B. Burgess, a negro employed by the Atlantic Coast Line Railway, probably has the largest family in Georgia. He is the father of 32 children and has had three wives. Twenty-six of the children are living.

The negro has been blessed with recent sets of twins and two sets of triplets.

When the last set of twins were born, Burgess and his wife had run out of names for them and they went nameless, until they selected their own names when they entered public school.

Burgess shied at selecting names when he found that among his progeny he had "doubled up," having two "Willies," and two "Sallies" in his flock.

## INVESTIGATION OF K. K. K. WAS STARTED TODAY

Imperial Wizard in Capital to Testify at Probe.

By Associated Press Leased Wire  
Washington, Oct. 11.—Demand for an investigation of the activities of the Ku Klux Klan was made before by Representative Taggart, Democrat, of Massachusetts.

Called as the first witness at hearings on a number of resolutions providing for an inquiry by congress, Mr. Taggart said he first directed the attention of the Department of Justice toward the Klan prior to exchange of administration last March. Later he took up the question with Attorney General Daugherty and was informed that the Department's own inquiry, then under way, showed there was foundation for some of the charges against the Klan.

"There is no law to permit men to go out in the dark and take me or my family from my home to punish me, whether I am black or white, Catholic or Jew," Mr. Taggart declared. "If the charges as published are true, it is time for congress to put out its hand and stop it."

William J. Simmons of Georgia, Imperial Wizard and founder of the Klan, was among the first witnesses to arrive. He came in with Representative Upshaw, Democrat, of Georgia, who has introduced a resolution calling for an investigation of each secret order in the United States. Attorney General Daugherty also was present at the hearing which was delayed for some time while a pack of pictures men got photographs of the Imperial Wizard and the committee.

On the objection of Representative Rhoads, Republican, of Illinois, however, the wizard and the committee were not included in one group.

## Minnesota's Star is Out; Leg Fractured

By Associated Press Leased Wire  
Minneapolis, Oct. 11.—Aroused by reports on the campus that Arnold Oss, star halfback on the University of Minnesota football team, had played his last game for the Gophers as a result of injuries suffered in his Northwestern contest last Saturday, students today were preparing to circulate petitions calling on the athletic board of control to sever relations with Northwestern University.

Authors of the petition allege unsportsmanlike tactics by the visitors and charge that Oss was intentionally injured.

Oss still was confined to a hospital today as the result of his injuries. An X-ray photograph was taken of his right leg yesterday but physicians declined to say what the examination revealed. It is certain however, that the Maroon and Gold star player will not be able to make the trip with the Minnesota eleven to Columbus for the Ohio State game next Saturday—not even as a spectator.

## TWO HIT BY TRAIN

By Associated Press Leased Wire  
Burlington, Ia., Oct. 11.—Mr. and Mrs. James Ross, of Mount Pleasant, were seriously hurt when a train struck the automobile in which they were riding eleven miles out of Bloomington, Ill., yesterday. They are in a Bloomington hospital.

## SOLD NORTH DIXON HOME

George J. Downing has sold his residence property on North Ottawa avenue to German S. Newman, engineer at the Sandusky Cement Co., who will at once move his family here from Amboy.

## DIVORCE GRANTED

Judge Harry Edwards in the circuit court yesterday granted a decree for divorce to Mrs. Neva Sterling, from her husband, James Sterling of this city, cruelty being charged.

## ILLINOIS VS. IOWA; OHIO VS. MINNESOTA

### SATURDAY'S GAMES

#### Interest of "Big Ten" Fans Centers in Those Games.

By Associated Press Leased Wire  
Chicago, Oct. 11.—The Illinois-Iowa and the Ohio-Minnesota games hold chief interest in the schedule of Big Ten conference football battles this week end. Iowa has the advantage of two victories this season to one for Illinois.

Last week the Hawkeyes defeated Notre Dame while the only match Illinois has had, that with South Dakota, did not offer a real contest.

When Ohio State conference champion in 1920, meets Minnesota at Columbus, the two eleven will be handicapped about equally in veterans. The Buckeyes went down before Oberlin last Saturday, 7 to 6. Minnesota will be lacking one of her stars, Arnold Oss, halfback who was injured in the game with Northwestern on Saturday. Martineau is being trained to fill the hole left by Oss, whose broken leg may keep him out the remainder of the season.

For Indiana Title.  
Purdue's meeting with Notre Dame at Lafayette will have great significance in the Hoosier state for its being one for the the Indiana championship.

Michigan will try its mettle against the Michigan Aggies, a comparatively easy aggregation before its first conference game with Ohio State.

Coach Stagg yesterday began putting the Maroon team at the University of Chicago through a grind in preparation for the game with Princeton two weeks hence. The two weeks of interrupted practice are expected by Maroon followers to develop a team which will offer creditable opposition to the Tigers.

## JUDGE EDWARDS DENIES CHANGE OF VENUE PLEA

(Continued from Page 1.)

sending John Laster, all presented motions challenging the array of grand jurors on the grounds that the grand jury which indicted their clients had been previously dismissed for the term and could not, therefore, have been legally recalled for duty.

They also moved to quash the indictments on the grounds that they were inconsistent, charging all three of the negroes with being principals in the alleged murder and also charging all three with being accessories before the fact.

Attorneys Brooks and McNemar asked for a separate trial for their client, John Laster, and also asked for a change of venue.

Cite Newspaper Articles.  
Attorney McNemar of Peoria devoted most of his argument to a plea for a change of venue, making it clear that he had no fear of the fairness of the court, but declaring that the people of Lee County were prejudiced against his client and could not give him a fair trial. He declared that the feeling between the white and colored races, as demonstrated by acts of mob violence, the fact that the slain youth was a white boy and his client a negro, and the fact that much space had been given to the affair in the columns of the Dixon Evening Telegraph, a local paper with a large circulation and generally read throughout the entire county as well as in the city of Dixon, and the fact that Wm. Coffey had been an ex-service man and a popular young fellow, all combined to inflame public opinion to the point where his client could not get a fair trial.

Mr. McNemar read at length from many issues of the Evening Telegraph articles which he said were unfavorable to the interests of this client, "Tapout" Laster. He said that he had no criticism against the newspaper as it was simply printing news and not trying to try the case, but that the fact remained that the articles had had their effect upon the opinion of the people of the county. He objected to certain phrases used in the articles, such as "bootlegging joints," "gambling den," etc. He also objected to the article in which "Rev. Mitchell was quoted as having stated that the attempted jail delivery of some weeks ago was engineered by his client, Laster, and his fellow negro prisoners. He said that the negro preacher was irresponsible and that the story charging Laster with the attempt to escape and the plot to kill Turnkey Gaffney and Sheriff Schoenholz was extremely damaging to his client, who was entirely innocent of the charge, he said.

Mr. McNemar also hinted that Laster may ask for a continuance of his case on the grounds of unpreparedness.

Gannon Wants Trial in Order.  
Attorney Martin Gannon, acting for John LaFrance, insisted that if separate trials were granted in the matter, that his client be tried last, following the order the men were named in the indictments.

Keller Makes Objection.  
State's Attorney Keller interjected an objection to the plea for a change of venue from Lee county on the grounds that the attorneys for the defense had not given the state the statutory ten days notice of their intention to ask for the change. He said that Mr. McNemar had been interested in the case since Laster was held by the Coroner's jury, even though he had not been retained at that time.

Judge Edwards adjourned court until 9:30 this morning, at which time the state was to answer the arguments of the defense on the various motions offered.

Might Delay Trial.  
A change of venue from Lee county, should it be granted by Judge Edwards, would probably take the case to a nearby county and the trial of Laster might, in that event, go over to another term of court.

The trials of Richard Payne and John LaFrance, in which on change of venue or delay have been asked, will continue in Lee county in either event.

Interested Audience.  
A fairly large and interested audience watched the opening of the trial yesterday afternoon.

Iowa Citizens Will Hold Disarmament Meeting of Their Own

By Associated Press Leased Wire  
Washington, Oct. 11.—The Borah bill for granting exemption of tolls to American coast-wise vessels using the Panama Canal was passed by the senate late yesterday, 47 to 37, and now goes to the house where it is expected to meet definite delay. No action will be taken on it there, at least until after the conference on the question of armament, in the opinion of leaders.

Twelve Democrats voted for the bill and 17 Republicans were recorded in opposition and in the debate which preceded final action party lines were severely broken. Senator Borah, Republican of Idaho, author of the bill, led the forces for passage, while Senator Lodge the Republican leader and others voiced opposition.

Last night's meeting, initiated by the Chamber of Commerce was attended by representatives of business clubs, women's clubs, state officials, labor organizations officials and members of the local ministerial association.

The many friends of Mrs. Henry W. Yates, for many years a resident at 315 North Ottawa avenue, Dixon, will be pleased to learn of her appointment as matron of the Rochelle rest room.

## LEE CO. UNDER CONSIDERATION FOR BIG TRIAL

(Continued from Page One.)

Claire C. Edwards, of Waukegan, the probable trial judge, Edward N. Shurtliff of Maringo and Robert K. Welsh of Rockford.

The next term of court following the present one begins in December. It was said today that the case might be docketed for the present term sometime in November.

JUDGE IS REPUBLICAN.  
By Associated Press Leased Wire  
Waukegan, Ill., Oct. 11.—The audience at Governor Small's trial on charges of embezzlement of state funds will be limited to not more than 400 persons, if the presiding judge permits crowding of the courtroom here to its maximum capacity.

The courtroom itself is 60x90 feet in size. Judge Claire C. Edwards, Republican, who has occupied the bench for the last seven years, probably will be the judge at the Governor's trial.

Lake county was carried by Gov. Small's opponent, Lieut. Governor Oglesby, in the primary last year, but the city of Waukegan itself gave the governor a majority. While interest in the Governor's present difficulties has been aroused here, there has been no intensely partisan feeling and the general opinion is that the governor will have no difficulty in getting a fair trial and an impartial jury in this county.

By Associated Press Leased Wire  
Springfield, Ill., Oct. 11.—The trial of Gov. Len Small and Vernon Curtis on charges of embezzlement of state funds will be held in Lake county.

Acceptance of Lake county—one of the first proposed by State's Attorney Mortimer—practically settled the question of venue before the governor's motion for a change came up in Judge Frank W. Burton's court today.

Announcement that Governor Small had picked Lake county was made by State's Attorney Mortimer this morning immediately after receiving the letter which the governor's counsel sent last night.

C. C. LeForge, chief counsel for the governor, and Vernon W. Schroeder visited Mortimer's office this morning shortly after the state's attorney arrived.

Mr. Schroeder was the first to make known last night that one of the Mortimer counties had been chosen, but he refused to divulge the name of the county until the state's attorney had been notified. Mr. LeForge likewise refused to give to newspaper men early this morning.

"It must come from Mr. Mortimer," he said.

Trial at Waukegan  
"We may be at trial in three weeks," said Mr. Schroeder after announcing that an argument had been reached.

Waukegan will be the scene of the Small-Curtis trial, probably the most sensational in the history of Illinois politics.

The five counties proposed by the counsel for the governor when the second exchange was made last Wednesday were:

Stephenson, Tazewell, Crawford, Monroe and Jefferson.

Lake county was selected by the governor out of a list which included in addition Menard, McLean, Lee and DeKalb.

Judge Burton was notified immediately of the agreement on the question of venue and it appeared that arguments on the question would be only perfunctory before the formal transfer of the case is made to the extreme north end of the state.

Letter to Mortimer  
The letter sent to Mr. Mortimer follows:

"Dear Mr. Mortimer—  
"We are in receipt of the list of counties submitted, by you, wherein you specify certain counties to which you desire and agree that the venue in the cases of our clients, Len Small, and

Vernon S. Curtis, should be changed.

"The list of counties submitted by you is as follows:  
"Lake, Lee, DeKalb, Menard, McLean.

"Please be advised that after consultation with our clients we have on objection to Lake county and we agree with you that the change of venue shall be taken to that county, in accordance with our understanding and agreement.

"At this same writing we have sent a copy of this letter to the Hon. Frank W. Burton, presiding judge of the circuit court of Sangamon county. To consummate this agreement we will meet you in the circuit court of Sangamon county upon Tuesday morning, October 11th, 1921, and there cause the formal orders to be entered transferring the cases against our clients to Lake county, Illinois. Inasmuch as we have agreed upon a county, you are quite at liberty to communicate the foregoing facts to the press.

"Yours very truly,  
"J. W. Fifer, Werner W. Schroeder, Charles C. LaForge, George B. Gillespie, James McGraham."

**SOME OF THE NEW FASHION NOTES.**  
Youthful cloth models show a tight bodice and full skirt, not circular for the circular skirt has been tried and found wanting.

Sleeves are among the things that are coming down. They adopt both a three-quarter and wrist length for the coming season.

Rust is one of the smart colors heralded for fall wear.

Dresses with capes to match are a feature in knitted things.

High collars are heralded as a fall innovation for milady.

French wrist bags featuring steel decorations are new. Some are hand-crocheted and finished with a steel chain; others are of silk mounted on frames of tortoise shell. All are embellished with steel beads.

Two-toned underthings are new. A darling effect is obtained by posing Yale blue georgette over bright yellow. The only trimming for this underwear is the picot stitched edge, which is cut in points at the bottom and in the built-up shoulder for the gown, straight chemise and vest. Wide steps to match complete the outfit.

**"ENOCH ARDEN" READ TO MUSIC AT POLO.**

The reading of "Enoch Arden" to music, composed by Strauss was the program given by Mrs. Adolph Eichler and Miss Eleanor Coppins at the Presbyterian church in Polo last evening under the auspices of the Polo Woman's club, but recently organized there. Last winter the program was given at the home of Mrs. Allen Smith in this city, under the auspices of the Dixon Woman's club and proved a great success. Last evening the program was given before a large audience and was well received. The music is exceptionally beautiful and the composer seems to have caught the beautiful and wonderful moods of the poet Tennyson and woven them into his fascinating composition.

The Polo audience seemed to heartily appreciate the program. Mrs. Eichler is a reader of clear and convincing charm, and withal so natural and unaffected that she makes her audience witness the scenes painted in the vivid word pictures. The reading and music were both greatly enjoyed. It is hoped that Mrs. Eichler and Miss Coppins may be persuaded to repeat this classic for the benefit of Dixon people who were not fortunate enough to hear it.

## ANNUAL MEETING OF LUTHER LEAGUE HELD

The annual meeting of the Luther League of St. Paul's Lutheran church was held last evening in the church and was well attended. The supper was served at 6:30 from prettily decorated tables. Asters and baskets of other fall flowers were used. The supper was a most inviting one.

After the supper an election of officers was held with the following result:

President—Grace Johnson.  
Vice President—Paul Beier.  
Secretary—Harold Boyer.  
Treasurer—Edna Martinson.  
Corresponding Secretary—Helen White.

Pianist—Emma Ankeny.  
Assistant Pianist—Joseph Whitish.

Reports were given by the officers and committee chairmen for the past year's work and showed receipts and expenditures of \$200. It was voted to contribute \$30 for the re-decorating purposes.

It was also voted to make the Christmas program held for the Nachusa Lutheran Orphanage an annual affair, as well as the Watch Night party.

## CHAPTER A C ILLINOIS P. E. O.

The members of Chapter A C, Illinois P. E. O. held a most interesting meeting yesterday afternoon with Mrs. W. F. Strong, and the meeting was well attended.

The topic for the afternoon was "Industrial Japan," with Mrs. Clinton Juno reading the paper which held the attention of all.

"My Lady Shops in Tokio," was read by Mrs. George Campbell and proved a most entertaining reading.

A number of selections on the Victrola, from the beautiful opera "Madame Butterfly," were greatly enjoyed.

The business session closed with many interesting items about Japan, the nation, her people and customs.

During the happy social hour delicious refreshments were served and the meeting adjourned.

## FOR A DINNER GOLF MATCH—

The women members have challenged the male members of the club for a Dinner Golf Match to be played Wednesday, 1:00 p. m., Oct. 12.

The contest will be 18-hole handicap match. The losers pay for dinner at the Club House following the game.

Notify committee, Mrs. Willard Thompson, Mrs. C. E. Smith, or Miss Rosanna Dement, by Tuesday 4:30 if you can enter, so they can make necessary dinner arrangements.

This match promises to be a good one and the committee is anxious to have every single member who can possibly do so come.—Secretary of the Club.

## MISS LIEVAN ENTERTAINED WITH DINNER

## MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "CALIFORNIA" or you may get a imitation fig syrup.—Adv.

**HOT SOUPS ALWAYS MAKE AN IDEAL WINTER DISH.**

Substantial soups make an ideal main "dish" for the winter luncheon. The soup is hot and nourishing without being heavy. A vegetable soup made with a brown stock foundation contains many calories of necessary food elements in an easily digested form.

When a substantial soup is served as the principal food, from one cup,

to a cup and a half is allowed for each person.

**Tomato Soup.**  
Two cups canned tomatoes, 4 cups brown stock, 1/2 teaspoon pepper-corns, 2 tablespoons bacon fat, 4 tablespoons flour, 2 tablespoons onion, 2 tablespoons celery, salt and pepper. Melt bacon fat and cook the minced onion and celery in it for 3 or 4 minutes. Stir in flour and cook until perfectly smooth. Add tomatoes and simmer three-quarters of an hour. Rub through a strainer and add to hot stock. Season with salt and pepper.

**Rice Soup.**  
Four tablespoons rice, 1 quart stock, 1 cup tomato juice, salt and pepper. Cook rice in 1 quart of boiling water for 10 minutes. Drain and pour over boiling water. Drain and add to boiling stock and tomato juice. Season with salt and pepper and simmer until rice is tender.

**Vegetable Soup.**  
One quart brown stock, 1 cup finely shredded cabbage, 1 cup canned tomatoes, 1/2 cup shredded onion, 1/2 cup shredded carrots, 1/2 cup shredded turnips, 1 cup diced potatoes, 2 tablespoons butter, salt and pepper.

Put vegetables in a saucepan with a little water. Add butter and simmer until tender. Season with salt and pepper and stir into boiling stock. Any liquid that the vegetables are cooked in should be put in the soup.

**Noodle Soup.**  
One egg, 1 tablespoon cold water, 1/4 teaspoon salt, flour.

Beat egg slightly with water. Stir in as much flour as the egg will absorb, adding the salt with the first amount of flour. Turn the dough on a well-floured molding board and knead until stiffer than pie crust, but not so stiff that the dough is crumbling. Roll as thin as possible and let dry for half an hour. Roll up like a jelly roll and cut in very narrow strips. Shake out and let dry fifteen minutes longer. Drop into rapidly boiling stock and boil 15 minutes. (Copyright, 1921, N. E. A. Service.)

## Princeton Gets M. E. Conference, '22

Rock River M. E. conference will hold its meeting next year in Princeton, Ill.

Representation in the quadrennial general conference will be reduced from one minister out of every fourteen to one minister for every forty-five. The conference voted approval of the admission of laymen into the annual gathering, but there was some hesitation about changing the procedure of the quarterly conferences and rewarding the constitution to make it legal to hold but one conference in the local district each year.

## Such Is Life

"Eighteen years ago I had three ribs broken, fourteen years ago my right leg; eleven years ago I nearly went over with typhoid fever and since then have had awful stomach and liver trouble. Was filled with gas most all the time. I would have colic attacks so bad as to become unconscious. No medicine helped me and doctors advised an operation. One day talking with a stranger he recommended May's Wonderful Remedy, which helped me at once." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.

The vote when finally tabulated was 97 in favor of one local district conference and 34 against it.

Will Insist Upon Efficient Cleaners and Storage Equipment

The Sweeper Vac is the only scientific motor driven brush cleaner on the market. The vibrating brush not only lifts the dust and lint, but vibrates the rug sufficiently to lift all the dirt and grit and the powerful suction deposits it into the dust bag.

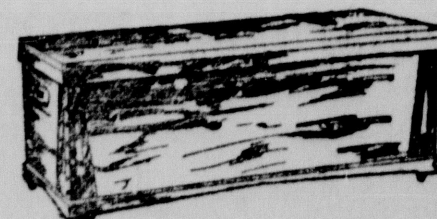

There should be a Bissell Sweeper in every home. They are more convenient than the ordinary broom, and are more sanitary. We have them priced low for quick turn over.

No insurance will take the place of a good Carolina Red Cedar Chest.

Repeated government tests has proven that moths can not survive the odor of red cedar.

We have them from \$16.00 and upward.

## KEYES A HRENS FURNITURE CO.

HAS RAISED A NEW STANDARD FOR BAKING POWDER

**Because** it's made in the most careful and scientific manner from absolutely pure materials that remain pure in the baking and insure wholesome, healthful food.

**Because** it possesses the greatest leavening power.

**Because** it is not affected by time or weather—it never loses its strength and never fails.

**Because** it is more economical—you save when you buy it and you save when you use it.

These are a few of the reasons why Calumet is the standard baking powder—the choice of millions—more being sold than of any other brand.

Try it—always buy it. Your grocer can supply you.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

WOMAN

A little girl attended a one-room  
school house at Janesville, Wis. The  
school house now is dedicated, as a  
museum, in honor of the little girl,  
Frances E. Willard, known in history  
as national president of the W.  
C. T. U. for many years, also the only  
woman to have her statue in the Hall  
of Fame, Washington, D. C.

Ever notice that nearly all the  
statues are of men? Time will change  
that. Woman, when she obtains  
complete freedom and equality, will  
have as many representatives among  
the great as men now have. She  
should have more. Few men achieve  
greatness. When they do, it's always  
a gift from their mothers.

HUMAN

At Prince Albert, Canada, J. Harris  
gets a package of cigars mailed to  
him from England when he was a  
soldier in the South African war in  
1903.

Occasionally you read of similar  
postal delays in our own country.  
These are exceptions among many  
millions of missives delivered  
promptly.

Remarkable feature is how govern-  
ment postoffices stick to the job for  
years until the "lost" mail finally is  
delivered. Under private ownership  
pursuit of the addresses would be  
abandoned early.

RURAL

Only seven out of every 100 Ameri-  
can farms now have gas or electric  
lights. Ohio ranks first of the list.

Progress still has a long way to go  
before the farmer has as many con-  
veniences and comforts as the city  
chap.

What is he getting to compensate  
him for the handicap? Not much, at  
present prices. But life down on the  
farm grows more attractive each  
year. Old-time farmers will agree.  
"Back to the land" movement will  
not gain much headway until rural  
life becomes as attractive as living in  
cities.

EGGS

Two hundred eggs are consumed  
yearly, in the United States, for each  
man, woman and child. In England,  
the average consumption is only 93  
eggs, says National Poultry Council,  
London.

That is a pretty good ratio for com-  
paring the standard of living in the  
two countries.

We Americans are better off than  
any other people. We do not realize  
it, until we compare our lot with oth-  
er nations.

COPPER

Copper prices advance a trifle. That  
cheers an industry that has been  
nearer dead than any other.

Better days are ahead for copper.  
Steinmetz has learned how to send  
1,000,000 volts 1000 miles. That  
means, we are close to the Electrical  
Age, when electric power will take  
the lead away from coal and gasoline.  
Water power will be harnessed. Coal  
will be burned at mines, turned into  
electric current for transmission to  
distant points.

The Electrical Age will depend on  
copper. Few industries have such a  
future.

MOVING

Minneapolis people are bringing  
their household goods back from a  
summer colony 18 miles away, by  
parcel post.

It's an experiment, working suc-  
cessfully, by E. A. Purdy, who runs  
the Minneapolis postoffice. Will Hays  
says Purdy is the best p. m. in the  
world.

Some of the articles moved by par-  
cel post truck: Refrigerators, mat-

tresses, lawn mowers, trunks, baby  
carriages.

Watch Purdy's experiment. It may  
mean another step forward in parcel  
post. Maybe, in a few years, when  
moving day comes, the owner of the  
van that will back up to your house  
will be Uncle Sam. Why not?

CONSUMERS

In a recent speech, Andreas E.  
Burkhardt, president of the National  
Association of Retail Clothiers, blamed  
the "buyer's strike" on newspapers  
and bankers, claiming they en-  
couraged the public to refrain from  
buying.

Not so! The so-called "buyers'  
strike" was due simply to a situation  
in which combined retail prices ex-  
ceeded the buying power of the pub-  
lic. A 50-cent article cannot be  
bought with four dimes.

FOOD

Everything is unimportant until  
food has been provided for.

The biggest international news to-  
day comes from the Department of  
Agriculture—that the world wheat  
crop this year is 65,000,000 bushels  
bigger than last year.

It is 110,000,000 bushels bigger than  
than the 1908-1913 yearly average.  
The French crop is as big, bushel for  
bushel, as in pre-war years.

Once the world gets its stomach  
full, it will stop agitation and get  
down to work. The gullet rules man  
and governments.

DISABLED

About 150,000 Americans, now liv-  
ing, were completely disabled by in-  
dustrial accidents. Fifteen thousand  
of them became totally blind while at  
work. So reports the American En-  
gineering Council.

Nearly every industrial accident is  
due to some one's carelessness.

Automatic safeguards help, but they  
cannot render work fool-proof.  
Absolute safety requires personal  
caution.

MACHINE

English railroads test out, with  
success, a locomotive that seems to  
have brains. Its mechanism is so  
delicate that it automatically stops  
when it gets a certain distance from  
another engine.

The adding machine is superior to  
the human brain. Science has ma-  
chines with greater power than any  
man.

Anything human that a machine  
cannot do? Yes. No machine has the  
power of judgment—of making a de-  
cision. It never will have.

BALD

Baldness is more common among  
meat-eaters than among vegetarians,  
says Charles F. Pabst, writing in the  
Medical Times.

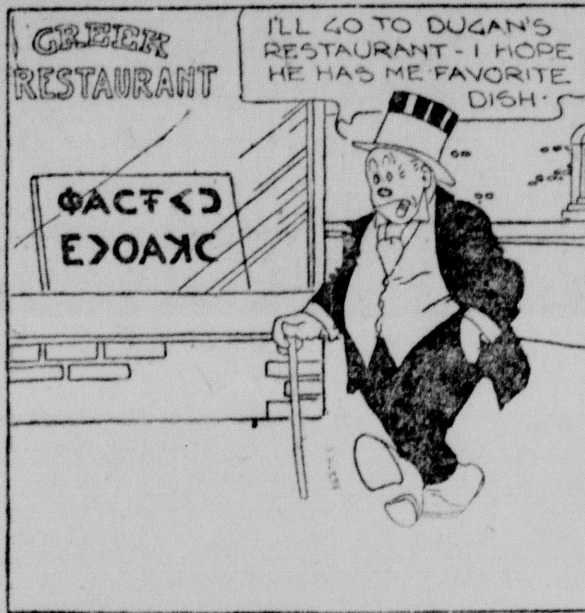

He says, to check loss of hair, you  
should use tonics, take special exer-  
cises, special foods, special drinks,  
and exert mental effort only moder-  
ately. It isn't worth it.

Man once was as hairy as a mon-  
key. Fully "civilized," he will be as  
hairless as an egg. The bald man  
usually lives in advance of his time,  
even though a bald-head probably  
started the theory.

GOLD

Steadily the world's gold flows into  
the United States. More than half of  
it is here already. Makes bankers feel

BRINGING UP FATHER

Common Sense Ways to Keep Well

CASTOR OIL

By R. H. BISHOP JR., M. D.

The day is not long past when cas-  
tor oil was administered on the  
slightest pretext for every and all  
ills. Grandmother used to reach for  
the castor oil bottle every time one  
of the children had a pain.

But things have changed some-  
what. There never was a boy who  
demanded castor oil so that he  
could stay home from school. The  
medicines these days that are used  
instead of castor oil are so pleasant  
that many a boy fakes a stomach  
ache so that he can play hooky from  
school even though he knows that  
"ma" will insist on his taking one  
of these physics.

The chief merit of castor oil is its  
antiquity. It is said to have been  
used back in the days of Egypt's  
glory as the remedy for all ills. It  
produces nausea, in most cases it de-  
velops many of the most obstinate  
cases of constipation in children; it  
produces a feeling of hatred and dis-  
like.

To see our gold holdings ap-  
proach the \$4,000,000,000 mark. One  
of these mornings they'll wake up to  
the Gold Danger.

More gold we have, more certain  
our currency is to be kept inflated,  
with prices unnaturally high in con-  
sequence. Also, less gold other  
countries have, more their money  
slumps. It is our gold hoards that  
is strangling foreign trade. Better if  
some of it were flowing out to our  
customers. You can't eat gold.

CONFORMITY

A Pullman porter let out a howl as  
Jan Van Albert, circus giant nine  
feet five inches tall, entered the train.  
Jan, in a Pullman berth, has to sleep  
curled up like a frog.

This is a difficult world for giants.  
Everything is made to accommodate  
the normal size. If your physical  
measurements do not conform to av-  
erage sizes, life is uncomfortable.

That's true, also, of ideas. Your  
idea may be right, but you have to  
conform with average thought to  
achieve success. That is why radi-  
cals seldom get anywhere. They are  
not willing to compromise, let alone  
conform.

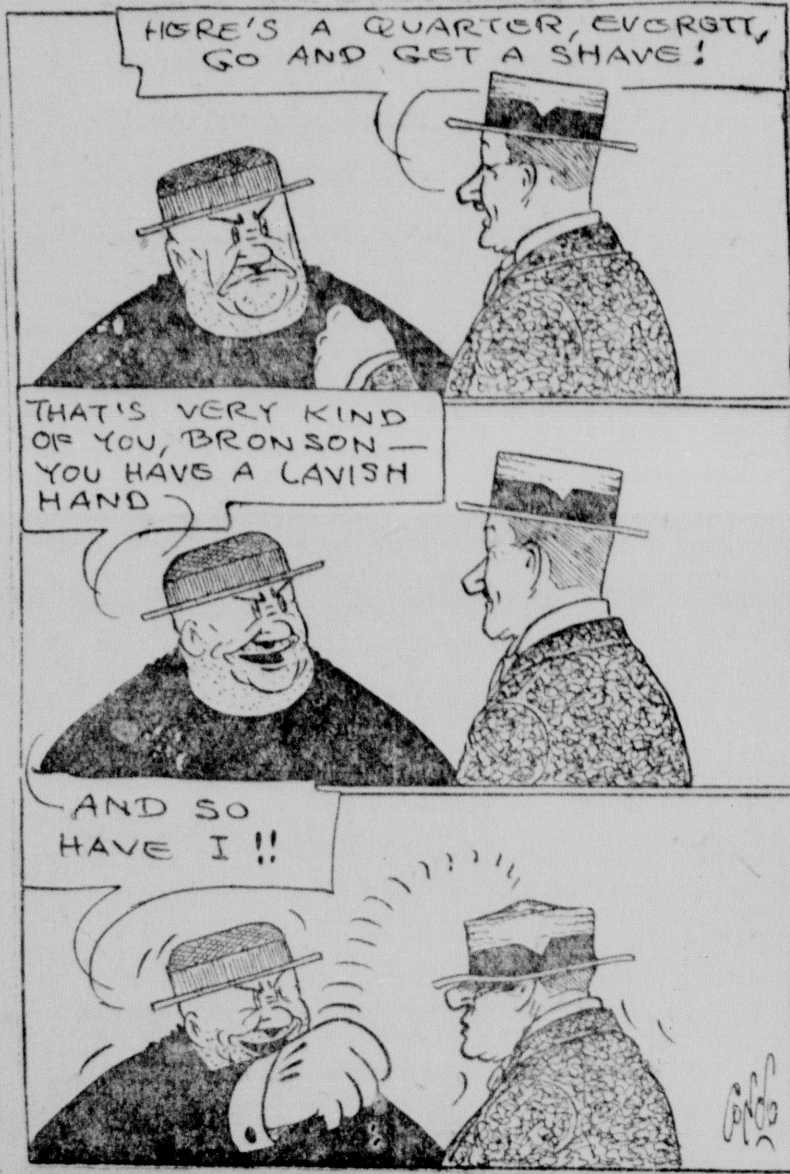

The giant doesn't get train berths  
ten feet long until the majority of  
people grow to giants. Under-sized  
ideas and methods are clung to tena-  
ciously—even after they are obsolete.

CITY GETS BIG FUND.

MANCHESTER, Eng.—A pageant  
parade brought in \$25,000 for the ben-  
efit of Mezerles, France, which has  
been adopted by Manchester. The re-  
built French city is dedicating a street  
to Manchester in return.

EVERETT TRUE

Berton Braley's Daily Poem  
Tocopilla

When I think of Tocopilla, I get just  
the kind of thrill a  
Fellow ought to get from such a for-  
eign name;  
Though there's no one that I know  
there, I am sure I'd like to go there  
And I'll just explain my reasons for  
the same;  
It's a spot I never heard of and I  
doubt if any word of  
Tocopilla reaches tourists anywhere,  
So it's thither I would travel, and re-  
turning, I'd unravel  
All the yarns and all the tales I gath-  
ered there.

Why, you ask, pick Tocopilla? Well,  
believe me, when I spill a  
Classy line of travel-chatter, I de-  
clare  
Having all my words disputed and my  
choicest facts refuted  
By the people who have "traveled  
there before,"  
I prefer to talk of places which the  
tourist never traces

And of which his knowledge cannot  
challenge mine,  
So I think of Tocopilla as the place  
to fill the bill, a  
Sort of subject where my travelogue  
will shine.

Yes, I'm off to Tocopilla, with its scent  
of—well, vanilla,  
("Tocopilla" rhymes with—"Be a")  
Let it rhyme!  
Still I stick to my idea that I'll go to  
Tocopilla  
And return to talk about it in my  
time,  
Tocopilla! Who shall flout it? I can  
reel off stuff about it  
And I don't think fate is likely to pro-  
duce  
And tourists who'll apprise me of his  
facts and patronize me—  
What? You've been to Tocopilla?  
What's the use!

WHEN A WOMAN TELLS

By RUTH AGNES ABELING

CHAPTER LXXI.  
I MEET PHILIP AMES' WIDOW.  
"Miss Sorensen, isn't it?" the wo-  
man was saying in the most wonder-  
fully modulated voice I had ever  
heard. "Miss Howard said she called  
you, so I expected you."

So fascinated with the poise of the  
woman, had I been, that I had not  
noticed the figure sitting in a chair in  
the far corner of the private office,  
barely visible through the open door.  
The head was thrown slightly back.  
One hand clenched the arm of the  
chair, the other had dropped and in  
it I caught the gleam of metal. It  
was the body of Philip Ames.

I started, as the realization came  
to me, and found it impossible to an-  
swer the woman who had been talk-  
ing.

"You had better come over here,"  
I heard her saying. She had drawn  
a chair for me out of the range of  
vision of the motionless figure.

"It is terrible to look at!" she said,  
hoarsely.

"Yes—especially for those who knew  
him." My voice sounded strange.

"For those who knew him?" the wo-  
man repeated after me. And then she  
said, "I am his wife."

Her voice was low, reminiscent,  
mysterious—weighted with feeling, but

RUTH AGNES ABELING.

void of tears.

I looked in amazement at the face  
which the circle of light from the desk  
lamp revealed. Lila was right—Mrs.  
Philip Ames was beautiful. She was  
beautiful in a poised, silent way; the  
way in which woman achieves her  
highest charm. In her very wordless-  
ness was her attractiveness. Where  
other women would have lost their op-  
portunities through an endless babble  
Mrs. Ames heightened hers in a  
shroud of silence.

There was that fine intelligence  
about her which scorned a meaning-  
less patter.

A knock at the door aroused me. It  
opened and two officers walked in. Be-  
hind them came the man whom I sup-  
posed was the coroner.

They wasted no words, but set im-  
mediately at their rather superficial  
examinations. There was no attempt  
to make the tragedy anything but one  
of suicide.

The undertaker came. When the  
question of where the body should be  
taken came, I asked for a few words  
with Mrs. Ames.

When I told her that the John Ames  
home was open to her for anything,  
she thanked me and said that the  
body might be taken there, for her  
home was in a hotel, and so, taking  
the body to his brother's home would  
simplify matters.

There seemed to be nothing further  
for any of us, so we started to go.

Mrs. Ames walked into the private  
office and stood for a second before  
the basket in which the form of a man  
who had been her husband lay. She  
took one of his hands, held it for a  
moment and then put it gently back.  
Together we walked from the room  
and went down in the elevator.

"Can I take you home?" I suggest-  
ed.

"Thank you," she said, and we rode  
in silence to the family hotel at which  
she lived.

SAYS HIS PRESCRIPTION HAS POWERFUL  
INFLUENCE OVER RHEUMATISM

Discoverer Tells Public Drug & Book Co. and All Good  
Druggists Not to Take a Cent of Anyone's Money  
Unless Allenhu Completely Banishes All  
Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for  
years with rheumatism. Many times  
this terrible disease left him helpless  
and unable to work.

He finally decided, after years of  
ceaseless study, that no one can be  
free from rheumatism until the ac-  
cumulated impurities, commonly cal-  
led uric acid deposits, were dissolved  
in the joints and muscles and expelled  
from the body.

With this idea in mind he consulted  
physicians, made experiments and  
finally compounded a prescription that

quickly and completely banished every  
sign and symptom of rheumatism from  
his system.

He freely gave his discovery to oth-  
ers, who took it, with what might be  
called marvelous success. After years  
of urging he decided to let sufferers  
everywhere know about his discov-  
ery through the newspapers. Public  
Drug & Book Co. has been appointed  
agent for Allenhu in this vicinity  
with the understanding that he will  
freely return the purchase money on  
the first two bottles to all who state  
they received no benefit.—Adv.

DIXON

## HOUSE-WARMING BIG ATTRACTION FOR ALL MEMBERS DIXON ASSN.

**Handled a Warm Physical  
in Day, Be Unable  
to Finish**

With the arrival of cool weather the activities at the Y. M. C. A. are picking up. The house warming committee has cleaned house and the building is in excellent condition.

The social committee has planned a house warming for Thursday evening which will take the place of the annual fall reception but following a somewhat different form.

The first activity on the program will be a chicken pie supper served by the Ladies' Auxiliary of the Y. M. C. A. in the boys' department from 5:30 to 7:00 p. m.

This will be followed by a short musical program after which there will be games and contests of all kinds. The volley ball fans will have volley ball for entertainment and the bowlers will have matches of various sorts, including a mixed tournament of ladies and gentlemen. There will be other stunts going on which will give everybody a chance to do something.

The Sterling Y. M. C. A. has been invited and will perhaps bring a volley ball team for a contest.

This affair is open to all senior members and their friends.

## Growing Interest in Baptist Revival

The growing interest in the revival meetings at the Baptist church was shown by the increased attendance at the meeting last night. The evangelist, Rev. Joseph Croft Dent, preached a wonderful sermon on "Three Nuggets of Gold." George McWethy and Ira Lewis sang a very effective duet.

Tonight is "Men's Night," and it is hoped that a large number of men will hear Mr. Dent's great sermon, which is really an eloquent lecture on "Twice Born Men." Mr. Dent's methods in evangelistic work are as free from cheap sensationalism and appeal so strongly to the intellect that business and professional men are attracted by his eloquent and sane messages. His lecture on "Twice Born Men" has been approved by great audiences in many places. As many as may care to do so are invited to

## DYED HER DRAPERIES AND A FADED SKIRT

"Diamond Dyes" add years of wear to worn, faded skirts, waists, coats, stockings, sweaters, coverings, hangings, draperies, everything. Every package contains directions so simple any woman can put new, rich, fadeless colors into her worn garments or draperies even if she has never dyed before. Just buy Diamond Dyes—no other kind—then your material will come out right, because Diamond Dyes are guaranteed not to streak, spot, fade, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods.

## It's Economy to Buy Coal Now

A BIG ITEM in household expense is the winter's coal. The thrifty householder saves on coal by buying his anthracite at bottom prices.

So when he places his order with us "at the bottom" he practices true economy.

But when is "when"?

It's NOW—today.

We volunteer this advice. Good business prompts us to make and keep you a satisfied customer.

We know of no probable reason for anthracite selling this year even a penny-a-ton less than today's prices. We will gladly explain to you why it may sell for more.

Keeping down household expenses can't be done by keeping up speculation. Waiting on coal is speculating on its price.

## Marion Must Make New Plan for Fete on Armistice Day

By Associated Press Leased Wire

Marion, O., Oct. 10.—Plans for an Armistice Day celebration in President Harding's home town were knocked into a cocked hat today by receipt of a brief telegram from the war department, saying no record could be found that Dwight Wells Artis had ever served in the U. S. Army.

The feature of the celebration was to have been the reburying of Artis' body in the "Honor triangle" of Marion cemetery.

Artis, 19, died penniless here. He was supposed to be a world war veteran with his home in Highland, Ill., and a local American Legion post buried the boy in the Pottery field. Later the Marion Cemetery association donated the "Honor Triangle" for all soldier dead, so Mrs. Harding had taken personal interest in the case. New plans for the Armistice day celebration are being formulated.

## Remains of Dixon Woman Are at Rest

The interim of the late Mrs. Herbert Martin at Mt. Hope cemetery at West Chester county on the Hudson river was most impressive. Her life long friends gathered with the relatives. The Rev. R. Jarvis Walker read the impressive Episcopal service. The Stars and Stripes and the Union Jack were draped over the casket and a silent salute was given before the commitment of the body to the grave.

Herbert W. Martin has returned to Dixon, while Mrs. H. G. Reynolds and daughter, Mrs. John G. Ralston, remained at the Hotel Commodore, where they were to be joined by Mr. Reynolds and then go to Atlantic City to attend the hardware convention.

## Shackleton Plans to Resume Trip Today

## THOUSANDS OF THIN PEOPLE HAVE SPLENDID APPETITES YET FAIL TO PUT ON FLESH AND GAIN WEIGHT—WHY?

Strong, Straightforward Advice to  
Thin, Underdeveloped Men and  
Women.

If you are thin, scrawny and underdeveloped, if your face is peaked and your cheeks and neck exhibit unsightly hollows, it's almost certain that your nervous system is at the bottom of the trouble. You can eat three, yes four substantial, fat producing meals a day, but as long as your stomach has an insufficient supply of nerve force this food you eat will pass out of the body with little if any benefit.

In order to assimilate properly the nourishing food you eat and convert it into healthy tissue and fat the nerves that control the process of digestion and assimilation must be put in first-class shape and until that is done you might just as well quit trying to put on flesh. Your system is starving for something that will turn the food you eat into healthy stay-there flesh and it can only be done in one way—by

correcting faulty nervous digestion. Thin, nervous, run-down people, however, with impoverished blood and half starved looks are hailing with delight a quick and certain maker of solid flesh called EVANS' TRIPLE PHOSPHATES that is unequalled for repairing faulty digestion and correcting nervous digestive troubles. In fact the makers of Evans' Triple Phosphates guarantee that one month's treatment will increase your weight by several pounds and within ten days make you feel like a new being, full of ambition, vigor and a desire to accomplish things. Public Drug & Book Co. and leading druggists everywhere have agreed to supply Evans' Triple Phosphates and guarantee it to do just what is claimed for it or money refunded.

Caution: While Evans' Triple Phosphates accomplishes wonders in nervous digestive troubles and as a general nerve tonic, it should not be taken by anyone who objects to a few additional pounds of solid stay-there flesh—Adv.

## FOCH SENDS MESSAGE TO AMERICANS, PLANS TRIP THROUGH STATES

Says He'll Not Feel Like  
a Stranger in This  
Nation.

BY MILTON BRONNER

PARIS—Marshal Foch, who celebrated his 70th birthday Oct. 2, is the guest of honor in France, preparatory to leaving for America.

All kinds of army and governmental problems are constantly being referred to him, making it almost impossible to obtain an interview.

He promised me ten precious minutes, but we were interrupted at the appointed hour by two cabinet ministers, who rushed in to consult Foch regarding the Loucheur-Rathenau reparations conference.

However, the generalissimo who led the allies to victory and has been occupied ever since consolidating the victories for France, gave me the following message:

"I am looking forward with keen anticipation and great pleasure to my first trip to America. It's a birthday present I am giving myself.

"I won't feel strange in America because everywhere I go I will meet some of my two million American comrades in the great war.

"I leave on the steamship Paris, Oct. 22. None of my family will accompany me. I will take only a small party consisting of General Weizsacker and two personal aides, one of whom speaks excellent English and was liaison officer with some of your American artillery during the war.

"My itinerary so far includes Washington, Kansas City, St. Louis, Springfield, Mo., Chicago, Detroit, Cleveland, Dayton, Indianapolis and back to Washington.

"I hope to see something also of your great west and south which also sent such fine soldiers to France.

"My trip is in no way an official mission, but purely personal. I will make no set speeches. I have prepared talks. If I speak at all it will be from the heart and as the spirit moves me.

"I expect to be in Washington when the disarmament conference starts, as my government may want to consult me on technical army matters.

"It's quite possible if I make

speeches I will refer to France's situation as regard land disarmament.

"France is not militaristic. France, which has suffered more than any other nation, wants peace and a chance to heal her wounds and restore herself.

"But France cannot disarm any more than has been done, so long as there is any menace to her security." (Copyright 1921, NEA Service)

## JUNIOR SERIES GAME ENDED IN RIOT; FORFEIT

"Disgraceful" Demonstration Staged in Louisville.

Louisville, Ky., Oct. 10.—The riotous ending of the fourth game of the Louisville-Baltimore "junior world's series" here yesterday when 3500 of the 6000 spectators, swarmed on the field, pelting the umpires and police with cushions, today was characterized by Wm. F. Belknap, president of the Louisville club as a disgrace. President Hickey of the American Association also held the same view.

"I am confident the police did all they could in their attempt to handle the crowd, but they were helpless before the rushes of the fans," President Belknap said. "I am sorry the game ended as it did. It is a disgrace to Louisville."

The remaining games of the series will be played in Baltimore starting on Thursday. The Baltimore team left for the east last night. The Louisville club will invade Baltimore on Wednesday. Each club has won two games.

Yesterday's game was forfeited to Baltimore 9 to 0 in the first half of the 9th inning when the demonstration was staged by the fans in protest to what they regarded in the questionable decision by Umpire Frank Connolly of the American Association and Umpire Wm. McGowan of the International League. Baltimore was leading 12 to 4 at the time.

## ARRESTS NEAR IN ROBBERY OF LEITER CELLAR

Authorities Have Clue  
in Big Liquor  
Robbery.

Washington, D. C., Oct. 10.—Arrests within 24 hours were promised today by Washington police and Virginia authorities investigating the theft of more than \$300,000 worth of wines and liquors from the country estate, near here, of Joseph E. Leiter, millionaire sportsman and clubman. Mr. Leiter owns coal mines in Southern Illinois.

Attendants of the Leiter estate were checking up today on the list of liquors held in the cellar to which, according to the police, robbers gained access about a week ago by drilling through three inch steel doors with an acetylene torch. The

## Thinking of Tomorrow

Q If by some magic the curtain of the future might be drawn back and you could see life as it will be ten or twenty years from today—where would you be?

Q You know the answer. The men and women who will then have the most independence and influence in our community will be the ones who today think and plan most wisely for the tomorrows—and hold themselves ready to take advantage of every opportunity that comes.

Q Nothing will help you more, five or ten years from now, than the dollars you can save by starting today—and you can save best by getting some bank to co-operate with you. As members of the Federal Reserve Banking System we are prepared to co-operate with you in every way. Let us show you how to save and to make your money work for you.

## Young Girls Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time.

If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

Read How These Mothers Helped Their Daughters

Guttenberg, N. J.—"My daughter was all run down and had fainting spells often, had a bad complexion, and suffered at her monthly periods. Her grandmother had been taking Lydia E. Pinkham's Vegetable Compound for the Change of Life, and got a bottle of it for her. She began to improve with the first bottle and took five in all and was entirely restored to health. For a time she had not been able to attend school, but she does now. She recommends Lydia E. Pinkham's Vegetable Compound to her friends and I give you permission to publish this letter as a testimonial."—Mrs. CATHERINE MCGLOVE, 304 24th St., Guttenberg, N. J.

Roxbury, Mass.—"My daughter is a schoolgirl and she suffered very much with irregular periods, painful cramps and dizzy headaches. She was sometimes as long as three months between her periods and when they came she was not able to do her school home lessons because she could not even sit up. A copy of one of your little books was left in my letter-box and she began to take Lydia E. Pinkham's Vegetable Compound for her troubles. She is now in good health, is regular and can help me with the housework when not in school."—Mrs. VICTORIA G. SPIESSERT, 74 Bragdon St., Roxbury, Mass.

HUGGINS SAYS MAYS WILL BE WINNER AGAIN

Yankees Manager Not Ready to Admit Team Beaten.

New York, Oct. 10. — "Mays will come back and the Yankees are far from beaten," Manager Huggins of the American Leaguers said today. He said he was naturally disappointed at Mays' defeat yesterday, adding that his club is not in its "hitting stride" yet.

"The Yankees have not failed in a crucial series this season and they won't fail in this, the most crucial of all," he added.

Waite Hoyt, who won the second game of the series, was Manager Huggins' choice for today.

Manager McGraw said he would pitch either Nehf or Shea today.

He had high praise for Douglas' pitching yesterday, and the playing of his team. He pointed out that his club is hitting the ball now and are in their way to the title.

"The morale of the players is excellent. They share my confidence," he declared.

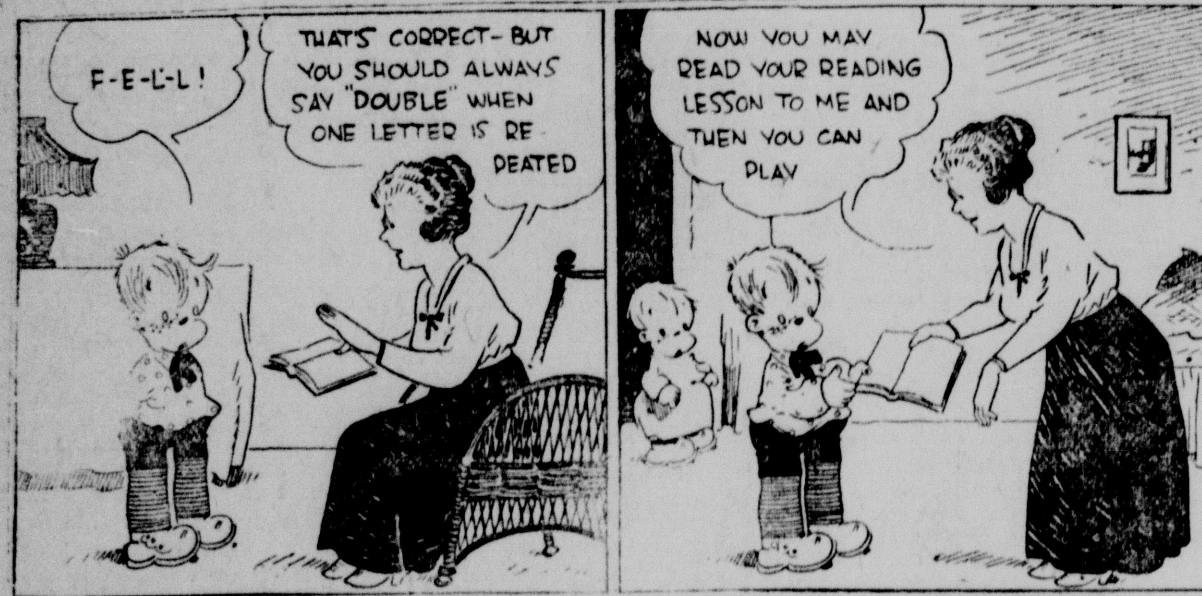

The Giants' chief also took occasion to praise Babe Ruth's game, saying that the manner in which he played with a painfully sore arm.

Says Officials of Land Must Keep Law

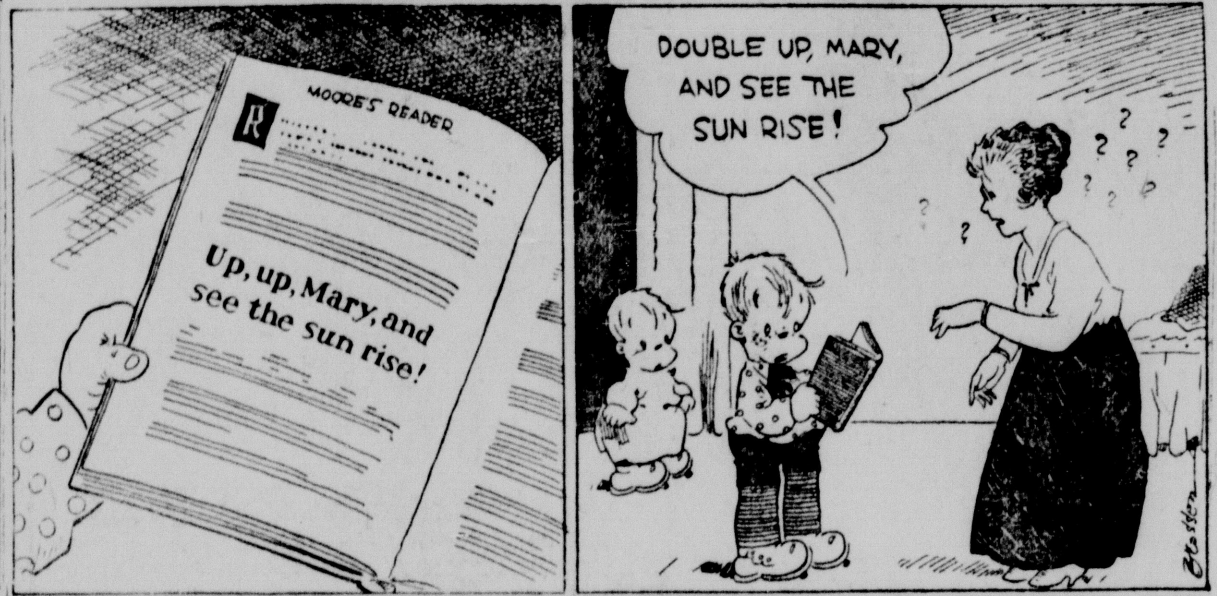

Chicago, Ill., Oct. 10.—Men in public life who "betray the people by oath of office by heaping contempt on the people's verdict" will be scourged from national life by the aroused conscience of Christian citizenship, Rev. Clarence True Wilson, general secretary of the Board of Temperance of the Methodist Episcopal church, told the Rock River conference today.

"If Paul were preaching here today, he would war on our national sins," Rev. Wilson said. "This church ought to be thunder and lightning like a modern Sinai, aflame with God till the workers of inequity and betrayers of the people's moral repent and dare not put the price of blood into your state treasury."
